Hon. Lewis A. Kaplan
United States District Court Judge
500 Pearl Street
New York, NY 10007

Dear Judge Kaplan,

My name is Valentin Pipa and I am a member New York metro area community. I own and manage several properties in the New York City as well as in New Jersey.

I have known Miss Andreea Dumitru since the year 2000. Although I have not had any business or commercial relationships with her, I have known Miss Dumitru to be a serious individual, a strong community leader, a devoted mother, a caring friend, and a valuable member to our community. I am shocked, astounded, and bewildered at learning that she has been convicted in this case you presided over. I express my profound regret and sorrow for her 16 year old daughter and her entire family.

Therefore, I am asking your honor and this court to consider her numerous good deeds and contribution towards society as well as her community and the fact that Miss Dumitru has never had a problem or issue in our diaspora that I am aware of in all the years I have known her. Miss Dumitru is not a flight risk. She has a 16 year old daughter that was born and raised here, her life, her world, is here in New York next to her daughter. I am asking your honor to please allow her the opportunity to put her home in order before her sentencing begins.

Respectfully yours,

Valentin Pipa
